### Electrician Is Hurt On Pole By Cross-Beam

A. M. McNatt, Elba city electrician, is a patient in Gibson hospital, Enterprise, from back injuries suffered Monday while at work on an electric light pole near the city levee.

McNatt was on a pole supported by a strap extending from his belt, with spikes from the pole's side, when a cross-beam with which he was working fell against him. The strap and spikes held but the weight of the cross-beam drove his body backward until fellow workmen could reach him and lift off the beam.

He was taken to the hospital where x-ray pictures were taken but Wednesday a diagnosis had not been completed.

More 4-H Club boys are carrying projects to be reported in 1959 than ever before. In fact, in some of the clubs all the boys are letting me know this month what they intend to have for their 4-H Club projects. There seems to be more livestock projects this year than before and this is a good trend because we certainly need to increase our livestock business in Coffee County.

National 4-H Club Week—February 25-March 7, has been designated National 4-H Club Week in Alabama. Attention will be focused on the work of over two million 4-H club boys and girls in this country.

### Tigers Beat Opp But Lose In Two

The Elba Tigers managed to beat Eufaula's leading scorer, James Booth, to only 14 points, but lost a 40-60 decision in the Elba gym last Thursday to snip a five-game winning streak for the Elbians.

Larry Thomas pumped in 29 big points to lead the winners, as they were hard pressed all through the contest to hold off a determined Elba attack. Eufaula started in a big way, scoring 23 points in the first quarter to only 14 for Elba. The Tigers, however, pumped in 20 in the second frame to trail by only two at the half.

Eufaula outscored the home team 19-12 in the third quarter behind Thomas' sharpshooting to take a nine point lead at the end of the frame.

The Tigers almost caught up with Eufaula in the final quarter as they outscored them by 19-7 behind Britt Kelley's brilliant jump shooting, leading the Elba scoring with 27 points. The Elba Bees lost to the Eufaula Bees, 50-49. The Tigers tied their top scoring mark for the season, but failed to hold off the sharpshooting Eufaula. ### Villa And Wright To Wrest At Opp

Pancho Villa and Rube Wright, two of the most rugged wrestlers ever seen in this section, will be pitted against the tough Sharpe brothers, Mike and Ed, next Saturday night at the Opp National Guard armory at the request of many fans who want to see the British champions beaten.

Villa and Wright have proved a tough tag team combination to handle and many fans think they can take the Sharpe brothers. The Tigers outscored Opp in the final frame by 11 points to take the victory.

Britt Kelley added another performance with a 25-point total, 11 of those coming in the last frame, bringing his week's total to 77 points. Carl Nelson, Roland Jacobs, and Joe Rex Chandler also hit in the double figures for Elba.

The Elba Bees lost their second straight by a score of 38-30 to the Opp Bees. Ronnie Young led the Tigers with 16 points.

### Confidence In Elba

The awarding of a contract for the building of the new Piggly Super Market is more than an expression of confidence in Elba. It is an expression of confidence in Elba's future.

The fact that the contract went to NASCO, an Elba firm, is a further expression of confidence in the service that can be performed by Elba's own business and industries.

Our double congratulations, therefore, go to Mr. Benson and to his associates in Piggly Wiggly.

Mr. Benson has shown what can be done by a firm with confidence in Elba and a willingness to pioneer and contribute to the community. He has shown, not by words alone, but, by action that he does not wear smoke-colored glasses.

Mr. Benson has proved once again that to offer good values is one thing, but that it is another thing to let the public know about them. He has proved the wisdom of telling present and prospective customers about those values every week of the year through the columns of the local newspaper.

Elba is marching on. Piggly Wiggly has shown that it is in the line of march and not a spectator beside the road.

## SCOUT COUNCIL POST ASSUMED BY BRAZELTON

Boy Scouts of Troop 37 in Elba joined with boys all over the United States last week in the celebration of the 49th Anniversary of the Boy Scouts of America, which was founded in 1910.

The Elba boys, accompanied by their scoutmaster, Robert L. Cooper, attended services at the Elba Methodist Church in observance of Scout Sunday to begin their week's activities.

On Tuesday night, they held their annual Scout Banquet in the cafeteria at Elba High School. A spaghetti supper was served by the Scout mothers to about 70 boys and their guests. Entertainment for the evening was provided by an Indian dance team from the Southeast Alabama Council.

On Wednesday morning, the Scouts took charge of the regular high school assembly program in the Elba High School auditorium to present a program on the Boy Scout movement and the observance of National Scout Week.

On the Council level, the big event of the week was a banquet held Thursday night at the Scout Reservation near New Brooklyn. Over 300 adult leaders and Scouts packed a new \$18,000 dining hall located on the banks of the reservation lake, which was completed just last week.

## BAROMETER OF LIFE

would it really help to have an instrument to predict the storms of life?

When the barometer falls it's too late to build a sea wall or to dig a cyclone cellar. Wise men prepare when the wind is calm. A leaking roof must be mended while the sun shines.

The Church does not claim to provide a barometer of life. But it preaches every Sunday the spiritual readiness which climaxed Christ's Sermon on the Mount:

"Whoever heareth these sayings of mine, and doeth them, I will liken him unto a wise man which built his house upon a rock"

"And the rain descended, and the floods came, and the winds blew and beat upon that house. . . .

"And it fell not: for it was founded upon a rock."

## THE CHURCH FOR ALL . . .

## ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### "DISEASES WHICH AFFECT US ARE AS DIFFERENT AS THE FEATURES ON OUR FACES"

When a physician treats a sick person, he may first relieve pain or other discomforts, but he always concentrates on curing the cause of the trouble. When people try to treat themselves, they seldom can cure the cause because of lack of knowledge of how to properly diagnose.

Home remedies that temporarily relieve pain can sometimes create severe dangers, because they enable the disease to take a firmer hold and eventually become more difficult or impossible to cure. Always let your physician determine the cause of your ailment and prescribe the proper treatment and you will prevent serious trouble.

### SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Persistent rain during the past few days has slowed terrace construction and planned construction on several farms. W. O. Clark of Pine Level is processing toward a complete job of parallel terraces and waterways on all cultivatable land. The fourth field has been completed. When finished there will be a considerable saving of labor and machinery expense each year.

Several have requested terrace on a part of their farms. These fields will be smoothed and prepared for terraces in a short time. They are: Finner Bryan, Clatter C. Rhodes, Paul Marlin, F. F. Clark, R. T. J.

## Elba High's Leading Cagers

Britt Kelley

Tom Dyess

Kelley, in addition to being the leading scorer for the Elba Tigers so far this season, is an outstanding floor player and all-round team man. He was a regular with the Tiger variety last year as a sophomore, and is having another great season this year.

Britt came to Elba from Curtis, where he established an outstanding reputation as a Junior High player.

Coach Travis looks forward to having Britt around again next year.

Tom Dyess, the only Senior starter with this year's Tiger squad, has proved to be a standby all season for Coach Travis as he has turned in a good performance all around.

Tom plays guard, and is exceptionally effective with his set shots and jump shots from the outside. He was a regular with last year's team, and will sorely be missed next season.

Carl Nelson

A Junior, Carl has developed into a fine rebounder and defensive player for the Tigers as well as a fine team player and floor man. Carl was a standout on a first year's fine Bee team, and continues to perform well as a varsity member. He has especially shown marked progress in the last few games, and turned in what is probably the best performance of his High School career against Kinston.

Carl will be with the Tigers again next year.

## Through the Keyhole

BY MRS. ROBERT CANNON

THE MAIL brought several interesting items to our attention. One was the invitation to the wedding reception of Marilu Lee and Richard Norman, which will be at the home of Mrs. Roscoe Deal Sunday, Feb. 22. Parties galore are ahead for

the lovely bride, who told us she only wished Richard could be here to share in all the excitement. Richard is stationed in New Jersey and, by driving all day and half the night, will arrive in time for the wedding rehearsal on Saturday night.

TO THE NICE LADY in the Curtis Community who took time from her busy day to write up those kind words about this column last week, I say "Thank You." Such unexpected gestures give a shine to life and renew one's faith in the goodness of man.

THE CIRCUS was the place to go last Saturday and parents from all over the state flocked to Montgomery last week. The Boy Scouts were having a banquet and the main feature of the program was a series of original dances by a group of Scouts from Dothan. Wearing authentic tribal costumes and elaborate headresses, these bronzed figures cavorted around a leaping fire, each step of their dance having a special meaning. It was a spine-tingling experience.

Elba Twins Active In Church Groups At Troy College  
TROY—Identical twin brothers at Troy State College head two of the largest religious organizations on the campus. Kim Dyess is president of the Interdenominational Religious Council and his twin, Kenneth, is president of the Baptist Student Union. They are sons of Mr. and Mrs. Kenneth Dyess of Elba.

The Religious Council is a Troy organization which coordinates the student religious activities, while the Baptist Student Union is an organization of the college's Baptist students.  
The Troy seniors are from Elba.  
Kim, president of the International Relations Club, a club for history majors, will graduate in May with a major in history and minor in science. He is a member of the BSG Choir and quartet and has been a member of the State BSU Choir. Since coming to Troy in 1955, he has been a member of the Baptist greater council and at one time he served as Baptist representative to the Religious Council.  
Kenneth, president of the B-

ette assembled for the expected first grandchild. This little newcomer will be the best dressed baby in his home town we wager.

SU, will also be graduated in May with a mathematics major and a history minor. He has been a member of the BSU greater council since his sophomore year, and was publicity chairman and church representative to the council.

Ken and Kim are secretaries and treasurers, respectively, of Pace Hall, dormitory for men. They are members of Kappa Delta Pi, National honorary society for education majors.

both will be listed in the 1959 edition of Who's Who in American Colleges and Universities, both are members of Southside Baptist Church in Troy.

## Coffee 4-H'ers To Mark Club Week

About two and a quarter million boys and girls in rural, urban, and suburban areas throughout the United States will join in observing National 4-H Club week next week, Feb. 28 to March 7. These young people, between 10 and 21 years old, are members of the National 4-H Clubs.

Coffee county's 974 4-H Club members will take part in the week's activities, says Tom Cassidy, county extension assistant.

They will share with other 4-Hers in recognizing "4-H alumnus", the 20,000,000 men and women throughout the country who have participated in the 4-H program in the past 50 years since the movement started, and who are now benefiting from this training and experience.

Nationally, 4-H Club Week will be highlighted in Washington, D. C., when six members chosen as delegates will present the annual 4-H Club "Report to the Nation". The report will summarize the 4-H accomplishments and story of the thousands of 4-Hers whose success and attainments now exemplify the high ideals of 4-H in achievement, leadership, and good citizenship.

## Tigers Take 16th Against 10 Losses

A narrow 57-53 victory over Hartford's Bulldogs in the final game of the regular season last Friday gave the Tiger cubs their sixteenth victory against ten defeats and sent them confidently into the second District, Class AA Basketball Tournament at Enterprise this week.

The Tigers, under Coach Bill Travis, won 12 games and lost eight in regular games during the 1958-59 season, while winning four and losing two in tournament play, for a total of 16 games won and 10 lost.

The Tigers led Hartford throughout the game but were hard pressed to hold off a last quarter rally. Tom Dyes turned in 21 points to lead the Tigers in scoring while Carl Nelson and Britt Kelley followed with 11 each. Charles Matthews scored nine. Jacobs with three, and Chandler with two.

Rivals was high for Hartford but followed by Hyrd with 12 and Kendall with 10.

**REMODELING AT STEPHENSON'S IS COMPLETED**  
Stephenson's Superette, on Troy Highway, is observing completion of its enlargement and remodeling Thursday, Friday and Saturday.

For the past several weeks Stephenson's has been undergoing installation of new lighting, new glass front, and addition of 676 square feet of its expanded floor space.

New golda racks providing a new self-service, frozen food freezer, a new meat case for all packaged meats, milk and cheese, and a new ice cream freezer at the checkout counter, are among the many additions provided to offer customers more merchandise and shopping conveniences.

The new lighting provides a more attractive interior which combined with the all-new glass front, adds greatly to the attractiveness of the interior.

Care was taken in the enlargement to continue to provide the drive through parking space in the front.

**4-H CLUB ALUMNI OBSERVED BY OVER 2 MILLION**  
By Tom Cassidy  
If all of the men and women in the United States who were once 4-H Club members stood shoulder to shoulder they would reach from Washington, D. C. to Eastern Island in the South Pacific, nearly 6,000 miles as the crow flies.

These 4-H alumni now number some 20 million, according to the Cooperative Extension Service and special tribute will be paid to them during National 4-H Club week, February 28 through March 7, in the nation's Capitol.

In Washington, D. C., two 4-H alumni, a man and a woman, will join six 4-Hers chosen to represent more than two million members in ceremonies commemorating Club Week.

The 4-H alumni also accompany the young people to the White House where the 4-H report to the nation will be presented to President Eisenhower along with a personal gift from 4-Hers everywhere.

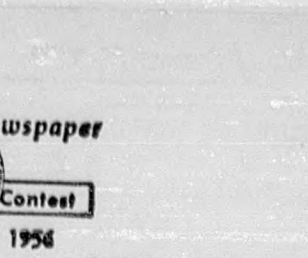

The 4-H Annual Recognition program was launched several years ago through the combined efforts of the Extension Service and the National Committee on Boys and Girls club work. Purpose of the program is to inspire today's youth to greater accomplishments by giving well deserved recognition to adults who have helped them in their own 4-H training and experiences to become useful, purposeful citizens.

**4-H Recognition**  
About 70 4-H Club Local leaders, 4-H Club presidents and County officials attended the annual 4-H Leaders recognition dinner in Elba, Friday night, Jane Hanson, 4th grade Pleasant 4-H Club member stole the hearts of everyone present as she played three favorite numbers on the accordion. We predict Jane will continue to steal the hearts of all those who hear and see her.

We think those who attended enjoyed the meeting a lot and it was a pleasure at the county 4-H club council to sponsor this event along with five sponsors.

**Talent Show**  
It is a little early to mention something to attend the meeting, the latter part of April. The County 4-H club council has planned a countywide 4-H talent contest to be held at the Elba Theatre the latter part of April. We will keep you informed on the time and date. I am sure it will be highly entertaining.

**ELECTRIC COOP. SETS RECORDS IN WIDE FIELDS**

ANDALUSIA — At its annual meeting held in Andalusia Friday, Feb. 20, the Board of Trustees of Alabama Electric Cooperative.

Board reports of progress made during 1958, including the establishment of new records in power sales, production, loan repayments, taxes paid, and other fields; reviewed progress on a \$3 million construction and improvement program; and re-elected officers to serve during the coming year.

Maurice A. McWilliams, Prattville druggist and farmer who served as President of Alabama Electric since it began operations in late 1944, was re-elected to the top position on the Board. Other officers who were also re-elected, include: J. L. B. Green, Rankin, vice president; Ben L. Maxey, Brewton, secretary-treasurer; Basil Thompson, Andalusia, is General Manager.

**Elba Included**  
Alabama Electric provides electric power at wholesale to five REA cooperatives and six municipalities in Alabama, including Elba, and to one REA co-op in Northwest Florida. McWilliams, in his annual report to the Board, stated that power sales during 1958 totaled 223,262,504 KWH. This was a new record, and more than 17,000,000 KWH above 1957 sales, he stated.

A new record peak system demand of 85,000 kilowatts was also established during 1958. In 1957, peak demand was 75,000 kilowatts.

McWilliams cited the increase in sales during 1958 as "particularly significant, in view of the economic downturn which affected much of the country during 1958." He pointed to continued industrial growth in the area presently served by Alabama Electric and to the fact that the cooperative has under consideration to step up its work with municipalities it serves in its municipal development program.

**Pay On Loans**  
Secretary-Treasurer Martin reported that Alabama Electric has, since beginning operations in late 1944, repaid to the Rural Electrification Administration \$2,366,134.61 in principal and interest on its loans, including a record amount of \$560,711 repaid during 1958.

Martin pointed out that Alabama Electric paid almost \$80,000 in direct taxes during 1958, and has paid upward of three-quarters of a million dollars in direct taxes since beginning operations.

**County Board Opposes U. S. Field At Curtis**  
Proposed establishment of an auxiliary U. S. air field at Curtis was opposed in a resolution adopted by the Coffee County Board of Commissioners Monday with Probate Judge J. C. English presiding.

The resolution was adopted after Wilbur Donaldson, a resident of Curtis, appeared before the board to request such action. The resolution recited that Curtis is predominantly an old residential community and that the proposed air field would disrupt community life.

Commissioners Brown, Thaddeus, Bowden and Whitman were present.

In other actions the board established the tax rate for 1957-58 the same as for 1956-57; voted to call a special election for April 7, 1959 to elect the existing school at valorem taxes of three mills and one mill to buy a new truck from Peacock-Warren Motor Co., Enterprise, after submitting the separate cream. Cream sales in the 1920's and early 1930's amounted to about 35 per cent.
